SONS DE PRATA
LUXURY MUSIC EXPERIENCE

Sons de Prata

We are a duo of experienced musicians and DJs (Saxophonist and Vocalist) and we bring the best of music to every moment of the big day.

With a background in Jazz music, we have been together for over a decade, playing across Portugal at corporate events, weddings and private parties.

Ceremony

We play the special songs **chosen by the bride and groom**, creating different environments - intimate, romantic, smiling or epic.

Other instrumentalists (violinists, trumpet players, pianist, etc.) can be hired to create the moment that the bride and groom have **always dreamed of.**

You can choose **3 songs**: the groom's entrance, the bride's entrance and the end of the ceremony.

We also have wireless microphones for the celebrant and reading of the vows, so that guests are involved and don't miss the long-awaited **YES.**

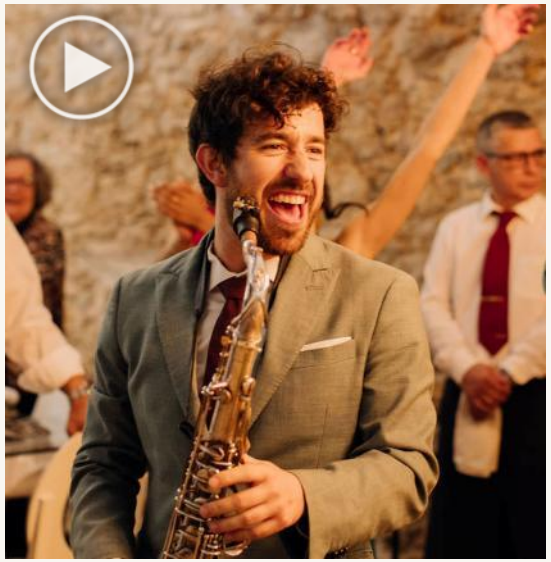
Cocktail

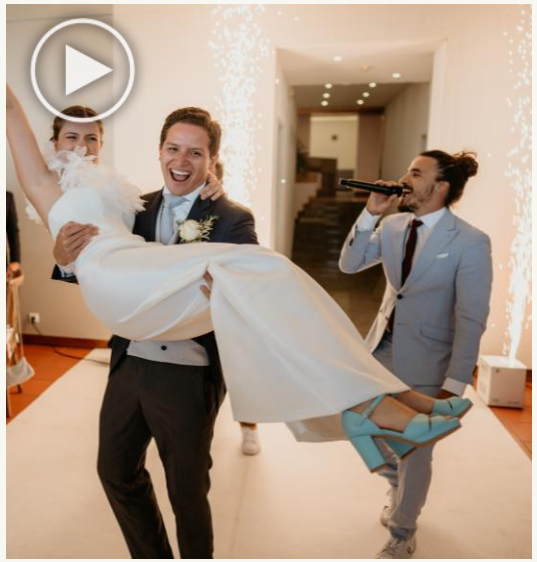
Such a special moment of the day has to have live music! And how well the **saxophone and voice** combine.

With a varied repertoire of Jazz, Bossa Nova, Reggae, World Hits, 80's, and Pop.

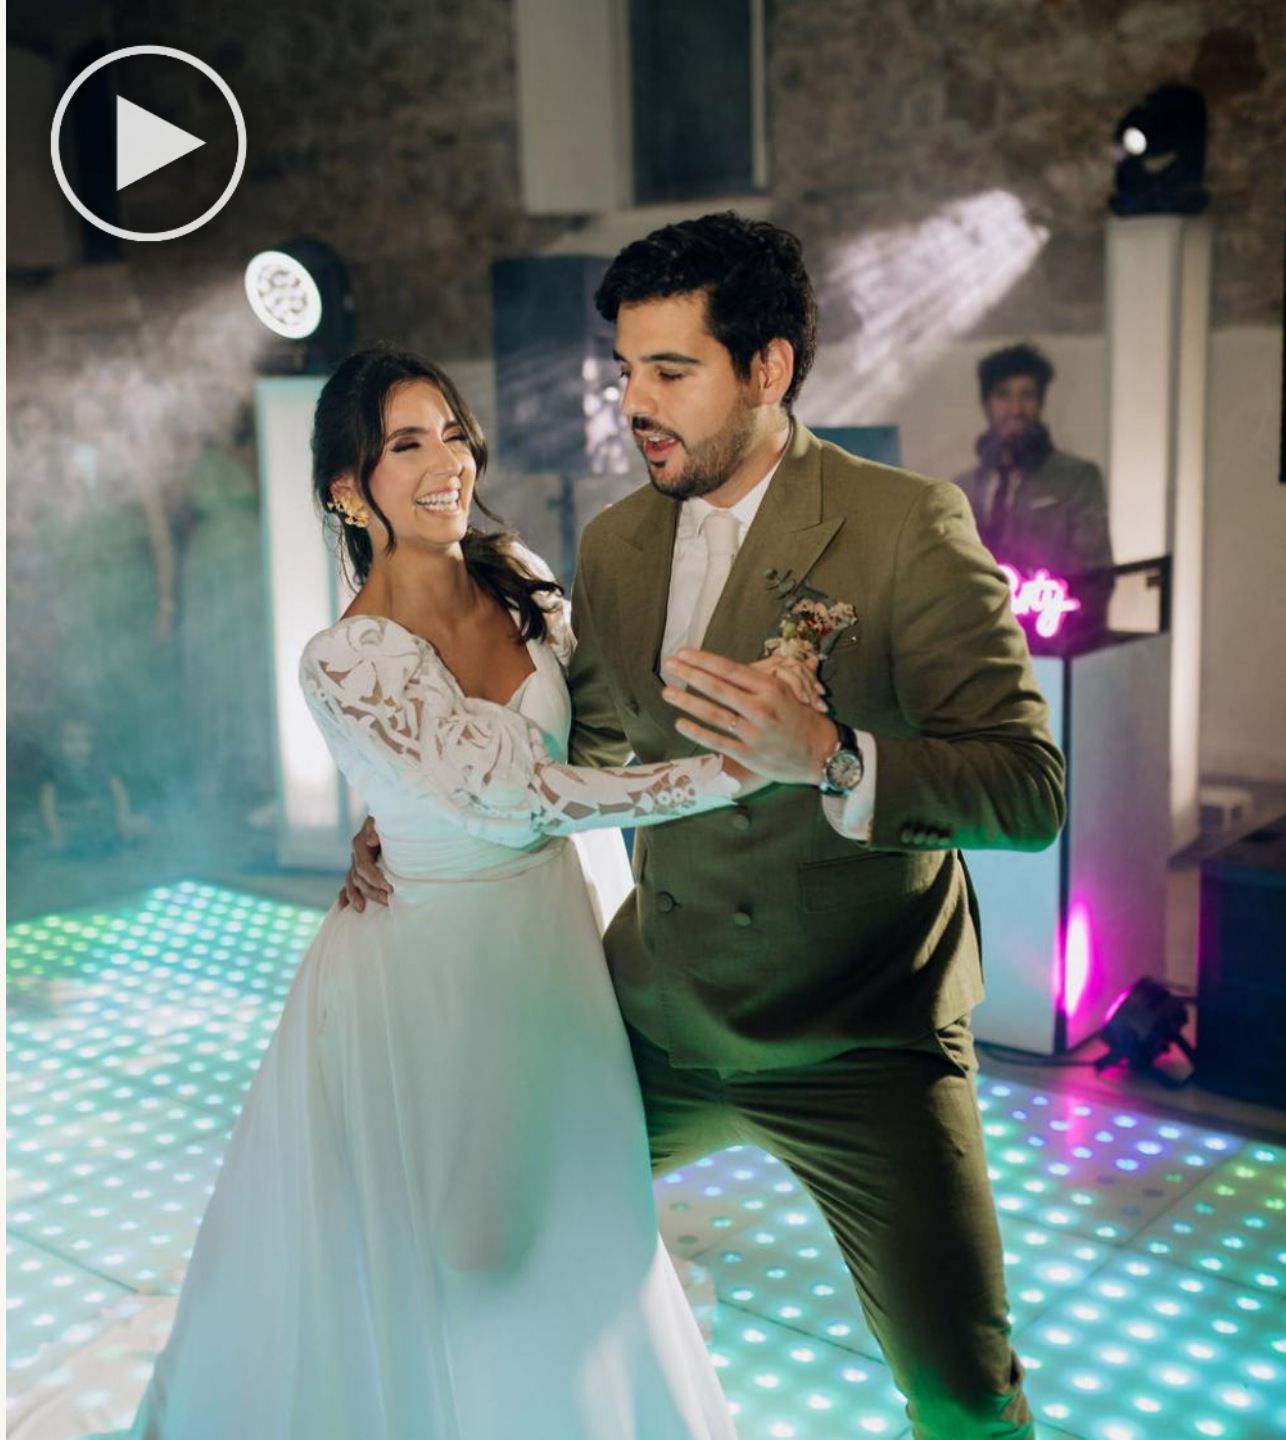
No one remains indifferent to the performances of **Sons de Prata.**

Entrance to the Hall & First Dance

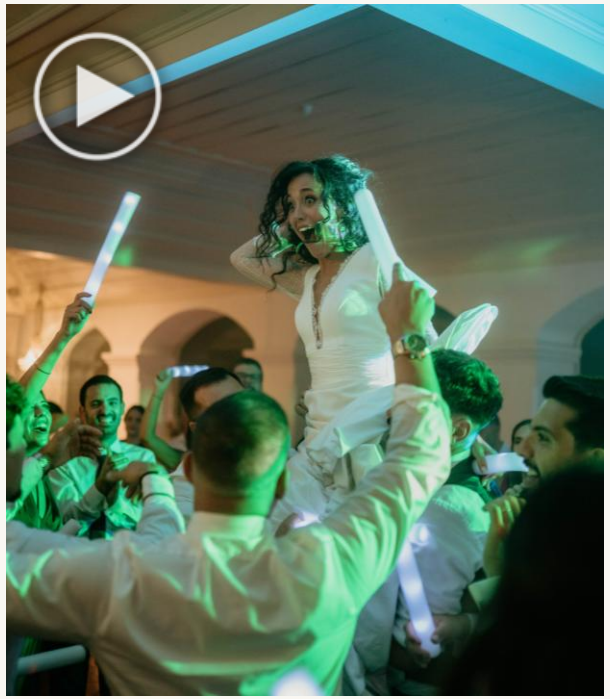


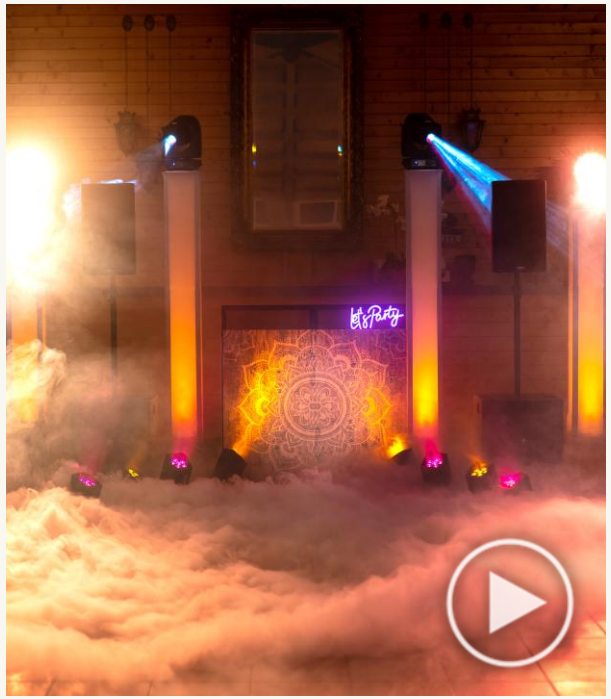


Make the bride and groom's entrance into the ballroom **memorable**, an explosion of joy! The opening of the dance floor is also to the sound of the couple's favorite song, with a dreamlike atmosphere recreated by our lights and fog machines.



Cake Cutting





DJ Service

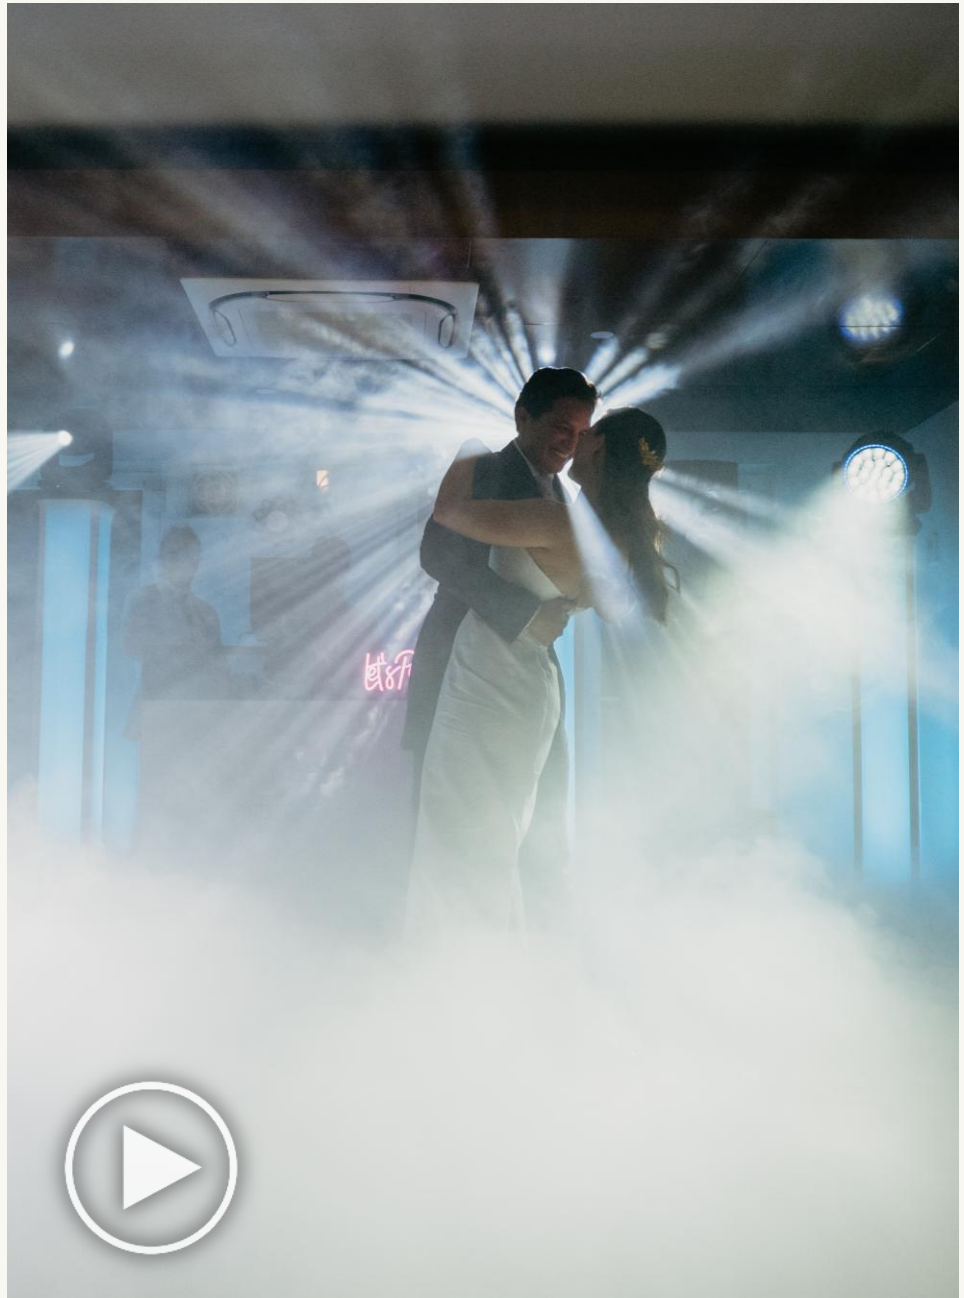
Dancing is the motto, and for a big party, the playlist will be chosen **according to the personal tastes** of the bride and groom in our document (Sons de Prata Main Lineup) in which we will work together until the big day.

We have different party lighting & AV solutions, and all the gear and knowledge to command the dance floor, even for the most demanding.

– Live Act DJ –
Sax & Singer

To the surprise of all guests, we have the option of adding our **saxophonist & singer during the DJ Set.** Creating an explosion of energy, bringing the dance floor to pure fire, with different passages of our saxophonist dancing among the guests.

Low Fog

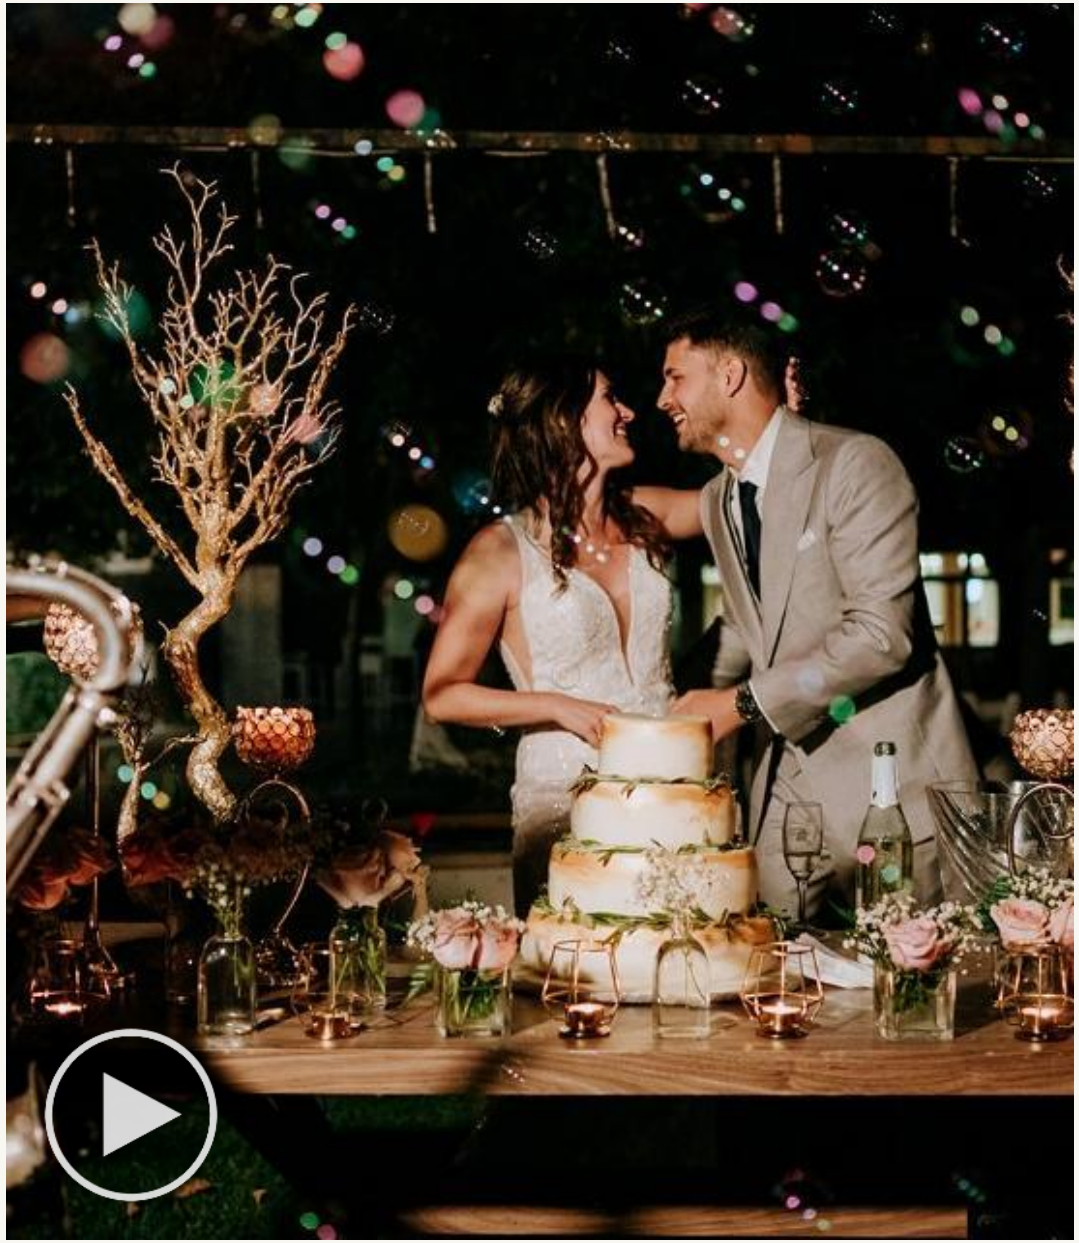


Low Fog - A low, thicker fog machine that remains at ground level, creating a captivating and majestic cloud visual effect, for the First Dance, for example.

Projector & Big Screen

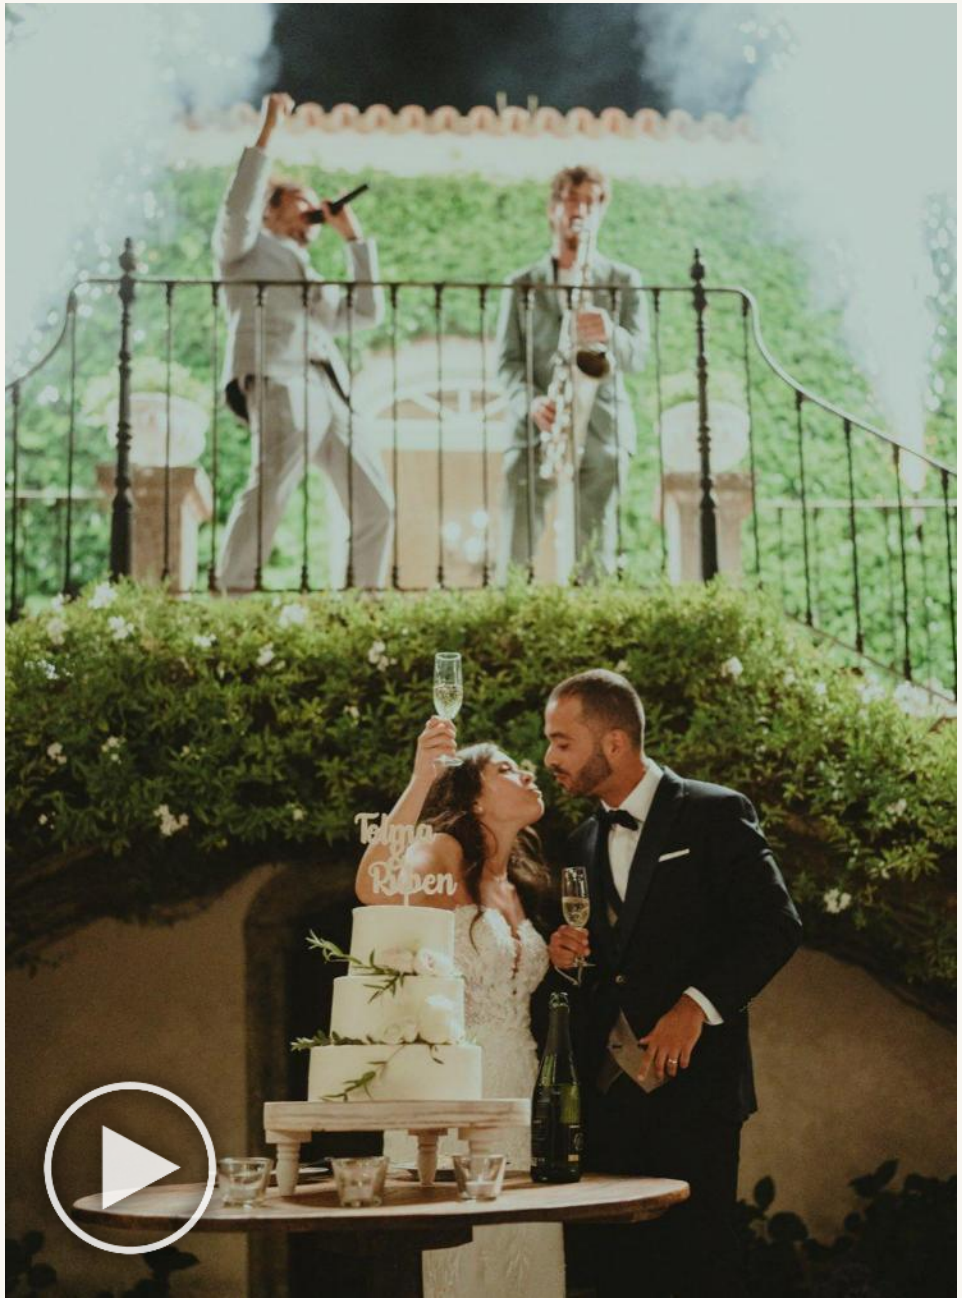
Projector and Big Screen – Live unique moments with all your guests, watching photos or videos on the big day.

Bubble Machine



Bubble Machine – Make your moments much more fun and **guarantee the surprise** of your guests, adding soap bubbles, for example when cutting the cake or at the ceremony.

Cold Fire Machines



Cold Fire Machines – Make your moments more epic and surprise your guests by adding explosions of cold fire, when cutting the cake or at the entrance to the Hall.
